Union Mission receives donation from Ermco

Tuesday, July 28, 2020

The New Life Union Mission wishes to thank Ermco for their recent monetary and food donation. ‘We have been so blessed throughout the pandemic with contributions from our community partners as well as clothing and household donations to our Thrift Store,’ said Neal Chatham, president and CEO of New Life Union Mission. ‘Thanks to these generous donations, we are continuing to serve our students. Even though we are not able to host our traditional summer camp due to COVID-19 restrictions, we are providing Mission Youth Club activities Monday-Friday for our middle school and high school students. We plan to use the next few weeks to share the love of Jesus, teach foundational life skills and build strong relationships as our students head into the next school year.’
